THE RALEIGH NEWS.

VOL. XIV--NO. 33. RALEIGH, N. C., SATURDAY MORNING, OCTOBER 5, 1878. $5.00 PER ANNUM

THE GOLDSBORO MESSENGER, alluding to the condition of affairs in the Second Congressional District, says :

"Nothing is sacred in the eyes of Radicalism. Nothing is safe from the blighting influence of its accursed touch. The constitution of the country is a bauble; the Supreme Court a mere political machine, the sovereignty of the States a matter of moonshine, and the ballot box a myth. These are characteristics of Radicalism, but the nefarious work does not stop here. The leaders of that cursed party are a set of corrupt schemers and respect neither the rights nor liberties of the people, nor the wishes and manhood of the rank and file of their own party.

We are induced to indulge in these remarks in view of the unprecedented action of the Republican District Executive Committee. This handful of schemers met again, here in Goldsboro, on Monday, and as if their nominating conventions were a mere foot-ball, with one stroke of the pen, decapitated O'Hara, and decided upon a new convention to be held at Kinston on Tuesday the 15th inst., for the purpose of nominating another candidate, which of course is to be a pale-face.

Every effort to induce O'Hara to withdraw from the contest having failed, the probability now is that we shall have two Republican *nominees*, though there is not, there never was a parallel to this action of the committee in the political history of the State. The committee exceeded its powers, and its call for another convention is a huge swindle. A committee, itself the creation of the very convention that nominated O'Hara, strikes a deadly blow at the rights of the people, thrusts aside a candidate fairly nominated at the only legimate convention, and whom the leaders then and there promised to support; and all this simply because the complexion of that candidate does not suit a committee, who dislike for a negro to hold such a fat office. It is true there are certain charges against O'Hara, and these are bad enough, but it is rather too late in the day for the Republican party to improve its morals and hoist the banner of reform, and merely because the victim is a negro. Worse men than O'Hara have heretofore been supported by that party and permitted to enjoy all the emoluments and honors of office; then, why not O'Hara? Is he not the peer of Hyman? of Belknap? of Babcock? of Littlefield? of Hayes himself?

Who the Kinston nominee will be, remains to be seen, and the action of that mongrel body is looked forward to with no little interest by both Democrats and Republicans. We think Colonel Humphrey has the inside track; but Dick King's friends claim the victory, because the convention is to be held at Kinston. Mr. Staunton, of Wilson, is also ready to sacrifice himself, and even others. Gov. Brogden will hardly be a candidate. J. Wm. Thorn, the infidel, is in the field as an Independent, and the end is not yet. There may yet be awful weeping, wailing and gnashing of teeth among the pale-faces.

Fidelity of the Blacks.

Mobile Daily Register.

It always affords us pleasure to note whatever conduct among the colored people of the South is entitled to approval and commendation. Left to themselves, and free from the machinations of political adventurers and demagogues, the colored race more often develop affection for their employers and devotion to their interest than the reverse. That such qualities have all along existed among them, the history of the war fully proves; for during that period of anxiety and often of suffering for the bare necessaries of life, thousands of families whose male members and natural protectors were absent in the field, had to depend mainly upon the devotion and fidelity of old and tried family servants. But it is to the present time of suffering and distress that we wish to refer, when thousands of homes have been left by their occupants and property of great value consigned to the care of colored servants.

As a general thing all through the South they have proved faithful to the trust committed to them. There have been some exception, but the exceptions only go to prove the fact we have stated. In our own community numbers of families have left the city, leaving their *penates* and household goods to the care of servants in whom they have confidence. This confidence has not been misplaced, and we have yet to hear of the first case of any of these colored people proving recreant to duty. It is pleasant to us to note this fact. In no better way can the colored race elevate itself than by making probity and duty its watchwords. And in thus proving true to the interests of its employers, a great step is made in promoting that spirit of good feeling which should exist between the two races.

Doubly Poisoned.

Miss Wardlake rejected one lover and married another. This was in Juanita, Cal., of which place she was regarded as the belle. The wedding brought together all the fashionable folks of the place, including Henry Baron, the rejected suitor, who joined the rest in seemingly heartfelt congratulations of the bride. It was afterward remembered, however, that he acted like a man in a daze—conduct at the time attributed to too free drinking of the beverages that formed a part of the refreshments. Just before the assemblage was about to disperse, Baron approached the bride, bearing two glasses of wine. He handed her one and drank the other himself; saying significantly, "Let us drink together once more, for the last time on earth." She was rather saddened by his words, but supposed that they referred to the necessary end of their intercourse, and drank the wine. In half an hour both were dead. Baron had put poison in the wine.

It seems there was no such General on the rolls of the Confederate army as Stockton, and therefore the report that he had enlisted in the Federal army is a silly hoax.

AN INDIAN OUTBREAK.

Savages on the War Path--Horrible Atrocities--Defending a Town Against the Red Devils.

By Telegraph to the News.

CINCINNATI, Oct. 4.—A special from Denver says the Indians east of that place and north of the Kansas and Pacific are committing horrible depredations. At Buffalo Station seventeen men were killed. It is probable that the entire State militia will be called out.

CHEYENNE, Oct. 4.—Intelligence received from Ogallala, reports the Indians crossing the river this morning, five miles east of that station. Fifty citizens of Ogallala have prepared to defend the town should it be attacked. Scouts are out in all directions.

DENVER, COL., Oct. 4.—The following, from Wallace, Kansas, referring to the Indians who left their reservation near Fort Reno, has been received: The Indians crossed the Kansas Pacific on Sunday, going north. When about 25 miles north of Buffalo Station they commenced killing settlers, and thus far seventeen dead bodies have been found along Supper creek. The Indians do not go at all out of their way to kill the white people, but if they meet a white man on horseback they kill him and take his horse. They are now 80 or a hundred miles north of the Kansas Pacific, with the troops pressing them pretty hardly. They have killed no women or children.

The Yellow Death.

By Telegraph to the News.

NEW ORLEANS, October 4.—To-day's report gives 54 deaths and 203 new cases.

MEMPHIS, Oct. 4.—The weather is turning warm again. No decrease of new cases is reported. The Howard Association warns refugees from returning before the epidemic is officially declared over. The volunteer medical corps of Howard physicians organized last night, under the name of the Howard Medical Society of Memphis.

Liverpool Cotton Brokers' Circular.

By Cable to the News.

LIVERPOOL, Oct. 4.—The week's circular of the Liverpool Cotton Brokers' Association says: Cotton, early in the week, was firm and considerable business was done. Prices for some descriptions were higher. Since Tuesday the market has been quiet, and a part of the advance has been lost. American was in good demand and advanced 1-8d up to Wednesday, when holders offered freely, closing dull and irregular. Sea Island was in fair request, but there were free sellers and prices are rather lower. Futures opened strong and advanced to Monday noon 1-8d for September and October delivery, and 1-16d for all other positions. Since then the market has been very dull, closing at 1-32d lower for October, and 3-32d for all other positions than last Thursday's prices.

A Brutal Negro Assaults a White Girl---He is almost Lynched.

ANSONIA, CONN., Oct. 4.—A negro named Freemen kidnapped a seven year old daughter of John McCrindle, before daybreak yesterday, and taking her to a barn, committed a horrible assault after which he left her on the public road. He was subsequently arrested and a crowd of four hundred assembled to lynch him, and had nearly succeeded when he was rescued by a deputy sheriff. He is now jailed at New Haven.

Persian Gulf Pirates to be Punished by the English.

By Cable to the News.

LONDON, Oct. 4.—In reference to the statement published yesterday in the Morning Advertiser, that the Admiral of the East Indian squadron had been ordered to send a number of vessels into the Persian Gulf, a despatch from Constantinople to Reuter's Company, says: "Mr. Layard, the British Ambassador at Constantinople, is informed that pirates have made their appearance in the Persian Gulf and the Gulf of Volo, and he has asked permission from the Porte to send British men-of-war to operate against them.

Electric Flashes.

By Cable and Telegraph.

A great ship-building firm in Glasgow has failed.

A slight earthquake shock was felt at Newburgh on the Hudson, yesterday morning.

A fire at Whiting, Ala., yesterday, destroyed 850,000 worth of business property.

The total liabilities of Smith, Fleming & Co., the great London firm lately failed, are stated at over $10,000,000.

Was the Race Sold Out?

By Telegraph to the News.

NEW YORK, Oct. 4.—A dispatch from a leading sporting man at Auburn says the most intense feeling exists there against Courtney, as it is believed he sold the boat race. It was proposed by some to drive Courtney out of town if he should return home.

Times are changed indeed. A man used to be able to pass himself off for a genius by wearing spectacles and letting his hair grow long, but that racket don't work now. The conditions of life are growing harder for the poor man all the time.—*Boston Traveller.*

Wake Forest College.

Correspondence of the News.

WAKE FOREST COLLEGE, Oct. 3.

There has scarcely ever been a time in the history of Wake Forest, when the signs were so ominous of success as at present. As was predicted in my first letter, the indications are that we will have at least fifty per cent. more students this session than last. We now have thirty per cent. more than at a corresponding time in any session since the war, and still they come. A large measure of this success is due to the liberality of Messrs. Heck and Williams in having Science Hall erected. Wake Forest has been given an impetus by it. "Nothing succeeds so well as success," and friends of the College believe the Heck-Williams gift will do more to arouse an educational interest among the masses of the denomination Wake Forest represents than anything that could have been done. If the friends of the College would only build the chapel, the counterpart of Science Hall, it is believed the endowment, which has been strenously labored for ever since the war, would be speedily raised and the roll of students would reach three hundred. Prof. Taylor, we learn, is working hard for the other building. Our Tutors, Messrs. W. L. Poteat and N. Y. Gulley, are proving themselves masters of their situations, and giving entire satisfaction. Mr. Poteat graduated with distinction in the class of '77. He is a fine scholar, a fluent speaker, and therewith a christian gentleman. He has always been quite a favorite with the boys.

Mr. Gulley is yet a student, being a member of the Senior class. But a finer and more accomplished student never opened a book. He is thorough in every work, having no such word as "fail" in his vocabulary. As an instructor, he has proved himself no less gifted. The honors of his class await him, and we divine the future holds for him brilliant triumph and rich rewards.

The first regular Senior speaking will take place Friday night, October 25th. The young men are busily engaged using their spare moments in the preparation of their speeches. The following young gentlemen compose the class: Messrs. Edwin F. Aydlett, Camden; John T. J. Battle, Wake; Needham Y. Gulley, Johnston; George P. Hamric and James Y. Hamric, Cleaveland; Robert P. Johnson, Chatham; Wesley N. Jones, Wake; John F. McMillan, Robeson; George T. Prichard, Richmond, Va.; C. A. Rominger, Forsyth; Charles S. Vann, Hertford, and William L. Wright, Montgomery. Messrs. Aydlett, Battle, Gulley, Johnson, Prichard and Vann are candidates for the Degree of Master of Arts; Mr. J. Y. Hamric, for that of Bachelor of Science, and the others for that of Bachelor of Arts. Only half of the class will be required to speak on the night of the 25th inst. That is all the better for those of us who may prefer the social gathering afterwards. Quite a number of visitors are expected from your city and from the country. We extend a cordial welcome to all.

Sufferings of a Tarred Man.

[From the Virginia (Nev.) Enterprise.]

W. J. Jones, who was tarred and feathered by Reno people and then sent out of town on the westward-bound train, was in a pitiable condition when he reached Truckee. The Republican says: "We saw the victim Thursday night on the overland train. Coal tar or gas tar had been used, and used freely. This substance blisters like a mustard plaster. The cuticle will peel off of Mr. Jones as if he had been boiled. His hair and the wound on his head were filled with tar. The hair stuck out in all directions, or at least a mass of tar stuck out. The sockets of his eyes were level full with solid tar, which seemed to have been poured into them and allowed to cool. His whiskers seemed a large, unshapely mass of tar. His face, neck and, we are told, his entire body, had a thick coating. The Vigilantes kindly clothed him before putting him on the train. The sight might have been ludicrous, if it had not been agonizing. The train was nearly three hours in reaching Truckee. The pain endured by the poor fellow was excruciating. Sightless, helpless, coated with a horrid, odoriferous substance, he sat silently, with his head bowed over. Occasionally his fingers would grasp spasmodically at the open air. Sometimes his body would twitch nervously, as if from the pain he endured. Arriving at Truckee, Grandison Jones and another colored man were put to work to remove the tar. It was an hour before Dr. R. J. Goss was called and the linseed oil which he prescribed was obtained. Everybody who saw the poor wretch pitied him. The very men who performed the deed would have pitied him. His sufferings were extreme. His eyes were fairly burning up. No one ever heard before of putting tar on a man's face and in his eyes. For six hours two men worked faithfully neutralizing the tar and removing it from his body. We saw him this morning. His eyes were terribly inflamed. It is doubtful if he ever recovers his sight. It is feared the eye-balls have been burned and blistered and forever destroyed."

How they Serve Reporters in Germany.

An interesting case is up before the courts of Berlin. A paper printed some news that the authorities believed could only have been communicated to it by a clerk in the post-office department, and in violation of his official oath. The department investigated the matter and summoned the reporter, who declined to say where he had obtained his information. The reporter was thereupon clapped into prison, and there the courts have decided he must remain till he answers the question or it has been withdrawn by the department.

Macaulay's prophecy is worth recalling about these times: "As long as you have a boundless extent of fertile, unoccupied land your laboring population will be far more at ease than the laboring population of the Old World; but the time will come when New England will be thickly settled, wages will be low and fluctuate, and sometimes many will be out of work. Then your institutions will brought to a test. Hard times make the laborer discontented and turbulent, and incline him to listen with eagerness to agitators, who tell him that it is a monstrous iniquity for one to have a million while another cannot get a full meal. When a legislature is to be chosen, on one side will be a statesman preaching patience, respect for vested rights, strict observance of public faith. On the other a demagogue, ranting about the tyranny of capitalists and usurers, asking why anybody should be permitted to live in luxury while thousands of honest people are in want of necessaries. Who will be likely to be preferred by this discontented element, and what sort of a legislature will you be likely to expect? I fear in some such season of adversity spoliation will increase distress."

NOTES.

In the midst of deep gloom that overspreads the South, reports show that the cotton crop was never more promising. There are now no complaints from farmers in any quarter.

The papers of Alabama are calling upon the Legislature of the State to pass laws to require Judges to attend to their courts. Judge J. Q. Smith is in other sections of the State attending to Radical politics, while his courts are allowed to take care of themselves.

A Virginia woman offers to sell her husband by auction, and apply the proceeds to the liquidation of the State debt. "I can recommend him to purchasers," she adds, "as a man possessing all the qualities a woman capable of controlling him could desire."

Even the Roman Campagna seems at last to have found its masters in the Trappists. They had acclimatized the Australian eucalyptus and overcome the malarial fever; now they have used nitro-glycerine to break up a layer of tufa beneath the soil, under which a rich and favorable earth was found.

Courier Journal: Chattanooga has presented the singular spectacle of two candidates for Governor in two States consulting at the bedside of a yellow fever patient. They were Dr. Blackburn and Dr. Wright, the latter a Republican nominee for Governor of Tennessee.

The number of changes which may be rung on a peal of bells is very curious. The changes on 7 bells are 5,040; on 12, 479,001,600, which, at two strokes a second, would require 91 years to complete. The changes on 14 bells could not be rung through at the same rate in less than 16,575 years; and on 24 they would require more than 117,000,000,000,000 years.

In France everything is done to make the poorer classes thrifty. There are 8,000 savings banks for school children alone to deposit their pennies. Economy is thus taught from the tenderest age and is the most important lesson in finance. In Ghent 44,000 boys and girls deposit $100,000 annually. No failures occur. The rate of interest averages four per cent. In 1870 there were 2,360,000 "penny depositors" in France.

Hon. George Bancroft, the historian, while out riding yesterday afternoon, in company with a lady, at Newport, R. I., was thrown from his carriage by the horse becoming frightened. He was seriously injured about the head. The lady and coachman were somewhat injured. Fears are entertained that Mr. Bancroft's legs are broken.

October is a month of political turmoil and disputation. Seven States hold important elections, to wit: Colorado, Georgia, Indiana, Iowa, Nebraska, Ohio and West Virginia. Iowa, Nebraska and Colorado are reasonably certain to elect Republican candidates. Georgia and West Virginia will in all probability elect Democratic candidates.

The contractor for carrying the mails between Fort Worth, Texas, and Yuma, Arizona, reports to the Post Office Department that his mail coaches have been attacked and robbed twenty-seven times in the past six weeks by Mexican bandits. In one instance, where the coach contained some seven hundred pounds of silver, the robbers overpowered the passengers and driver, seized the vehicle and horses, and drove away with their plunder. He has secured from the War Department an order for troops to accompany the mail coaches to prevent such lawless depredations.

The law officers of the Government have taken steps to eject parties from the possession of about one thousand acres of land in the Pennsylvania oil regions. This land was taken in part payment of a debt due the United States by the Venango County Bank, of about sixty thousand dollars. It was held by the former owner in the days of the oil fever, at a fabulous sum, he having at one time refused an offer of seven hundred thousand dollars for the same. This land may now be worth a dollar an acre or ten dollars, for farming purposes.

A pleasant little romance, involving the destinies of two young foreign missionaries, occurred during the past summer near Boston. A graduate of Amherst College and Andover Theological Seminary, having devoted himself to the missionary work and been assigned to a mission on India's coral strand, was looking around for a congenial companion, for the American Board don't like to send single young men to heathen lands, when he met the daughter of a Turkish missionary, and the two fell in love almost at sight. In a week they were engaged, now they are married, and such has been the gentle maiden's influence that what is Southern India's loss will be Central Turkey's gain.

On one of the Prussian railroads willows have been grown with advantage on the slopes of excavations and embankments. It is surprising that a similar method of beautifying and strengthening the roadways of railroads is not more generally adopted. A perfect net-work is formed by the roots, binding the whole surface firmly and preventing washouts, and the thick green growth covers ugly gashes in the earth and unsightly elevations, with an agreeable, eye-relieving thicket. Almost any of the varieties of willow can be used with success, but that which is recommended as the best is the *Salix amygdalina*. In dry soil the cuttings should have a good length unders ground.

The English are reported as greatly exercised by the rapid inroads American industry is now making into English traffic, and how to meet the competition is made a subject of serious consideration in the business circles. We must improve the quality of our work, said a prominent business man; we must manufacture a better style of article, because the American manufacturers are educating the English demand. We must cheapen coal; lower land rents; and Manchester must make her cotton goods of a better quality. American cotton goods were now by far the best and were being sold quite freely in the Manchester market. In many stores goods were seen labeled American. A large proportion of the loyal beef-eaters are supplied with their favorite pabulum by a republican market.

MILITARY.

The following has been issued from General Headquarters:

STATE OF NORTH CAROLINA,
OFFICE OF ADJUTANT GENERAL,
Raleigh, Oct. 1, 1878

GENERAL ORDERS,
No. 27.

I. The Winston Light Infantry, Roanoke Light Infantry, Albemarle Guards, Durham Light Infantry, Jarvis Light Infantry, and Anderson Rifles, shall be constituted the First Battalion of Infantry, N. C. S. G., and the companies shall be designated by letter, as follows:

Company A, Winston Light Infantry.
" B, Roanoke Light Infantry.
" C, Albemarle Guards.
" D, Durham Light Infantry.
" E, Jarvis Light Infantry.
" F, Anderson Rifles.

II. The company officers of the First Battalion of Infantry are hereby warned to appear at Raleigh, at the Private Secretary's office, at 9 o'clock a. m., on the 16th day of October, 1878, for the election of a Lieutenant-Colonel and a Major for said Battalion.

III. The Third Battalion of Infantry is hereby disbanded, and will be stricken from the muster rolls.

IV. The Cleaveland Guards, Southern Stars, Iredell Blues, and Lamb Light Infantry, shall constitute the Second Battalion of Infantry, N. C. S. G., and the companies shall be designated by letter, as follows:

Company A, Cleaveland Guards,
Company B, Southern Stars,
Company C, Iredell Blues,
Company D, Lamb Light Infantry.

V. The company officers of the Second Battalion of Infantry are hereby warned to appear at Raleigh, at the Private Secretary's office, at 9:30 A. M., on the 16th day of October, 1878, for the election of a Major for said Battalion.

VI. Each commissioned officer in the respective Battalions will be entitled to one vote, and may be represented by proxy in the elections above ordered.

The officers of each Battalion, upon assembling, will organize for business, the senior officer to preside, a Secretary to be elected by the body.

The names of the candidates for the position or positions to be filled will then be put in nomination, and the members shall proceed to vote by ballot, the votes to be received and the names of the votes recorded in the usual way.

The candidates receiving a majority of all the votes cast shall then be declared elected, and the result of the said elections shall be certified by the presiding officers and secretaries of the meetings and transmitted to the Adjutant General.

The commanding officer of the First Battalion will then report to the Brigadier General commanding the First District; and the commanding officer of the Second Battalion to the Brigadier General commanding the Second District.

VII. The Broad Creek Rifles, Company K, 1st Regiment of Infantry, and the Rowan Rifle Guards, Company A, 3d Battalion of Infantry, having disbanded, will be stricken from the muster rolls.

VIII. The Kinston Rifles are hereby assigned to the First Regiment of Infantry, as Company K, and will report to Colonel R. D. Hancock, Newbern.

IX. The attention of the command is directed to the following section of the act establishing the State Guard:

SECTION 15. "If it appears to the commander-in-Chief that a company of the State Guard has failed to comply with the requirements of the law in matters of uniform, equipment, numbers, and discipline, such company shall be disbanded by the Commander-in-Chief."

The requirements of the law in the matter embraced within the above section are these: 1st. The members of each company must regularly enlist as prescribed by general orders. 2nd. The minimum number of a company is forty-five non-commissioned officers and privates. 3d. All commissioned and non-commissioned officers and privates shall provide themselves with uniforms complete, of their own choice and fashion, subject to such restrictions, limitations and alterations as the Commander-in-Chief may order.

All companies that shall fail or neglect to comply with the law above set forth, within ninety days from the date of this order, will be disarmed and disbanded, in accordance with the provisions of the act for the establishment of the North Carolina State Guard, Laws of 1876-'77, chapter 272.

By order of the Governor and Commander-in-Chief.

JOHNSTONE JONES,
Adjutant General.

A Deer that Shot Niagara.

Niagara Falls Gazette.

A correspondent, "W.," whose statement is entitled to full credence, sends us the following account of a remarkable episode at Niagara years ago:

About the year 1826 to 1830, there lived on the "Saunder's Settlement Road," about four miles from the Falls, a family by the name of Straw, who had captured, in the then dense forest of the neighborhood, a young fawn, which was domesticated and became so much attached to its captors that it would follow the children into the house, and played with them like a dog. In time it became so much attached to the team and its driver that it would follow wherever they went.

One day a grist was taken to the mill at the Falls to be ground, and the deer, as usual, followed to keep company. As the mill was approached a hound gave the deer chase, which, for safety, leaped the raceway and sought an asylum below the mill, but was instantly swept by the rushing waters down and over the American Falls. Soon it was discovered below by some persons who had watched the cruel chase, and seen to swim ashore at the Ferry Landing, and it actually climbed out upon the rocks, where, from some injury it had received from the fall, or from fright, it soon perished.

Street Cleaning in Paris.

The Paris correspondent of the New York World writes an interesting letter showing how Paris is kept clean. The total cost of having the service performed is $563,400, and the rate varies in localities according to the importance of the quarter. The work is done by a scavenger force of 2,950, both men and women being employed, organized into 122 brigades, and under the control of 170 chiefs. Besides this force there is a large number of auxiliaries, who are employed part time, the total number of these at the date of the letter being 1,930, making, in round numbers, 5,000 people who are employed in street cleaning. The scavengers begin work at 3 o'clock in the morning in summer and in winter at 4 o'clock. The all day hands, called cantoniers, complete their day's labor at 4 p. m. They are employed in the most frequented quarters, where the sweeping goes on all day. The half-day sweepers are through at 10 a. m. At an early hour in the morning the sweepings of each house are required to be left in the gutter, and then are removed by carts. The strip of sidewalk in front of each house is swept by the occupant. The street proper is thoroughly swept by the scavengers, and the refuse carted away. The last part of the work is to thoroughly flush and sweep the gutters. This completes the work in some districts, where the levy for sweeping is twenty-four centimes per square metre—about four cents per square yard. In other districts sweeping is kept up during the day, so that there shall be no accumulation of dirt. Here the rate is fifty-two cents per square metre—about nine cents per square yard. Some of the sweeping is done by machine-brooms, with a horse as the motive power. Each of these sweeps about 6,000 square yards an hour—equal to the work of ten men. The roadways are thoroughly drenched and scoured every day. The ordinary watering of the streets to keep down the dust begins March 15 on the macadamized pavements and about a fortnight later on asphalt and stone pavements. This is partly done by carts owned by the city, of which there are 350, and partly by sprinkling through hose.

Hard Times.

Griffin News.

Times are hard. Everyone says so. They said so last year, they said so five years ago, they said so ten, twenty, thirty years ago, in fact, we never knew the time when the public failed to vote unanimously that the times were hard. If you ask our merchants, they will tell you they sell few goods on credit. If you go in the country you will see cribs full of corn and fields with cotton. You there see industry unsurpassed by any country in the world. You find the most improved machinery for ginning cotton, and it is common to hear the steam engine whistle in the country as in town. You see young men whose fathers and mothers went to meeting horseback, now dash up to the meeting house with a red buggy with his sweetheart by his side, with a tied-back dress and kid gloves. The most casual observer will tell you that the stock of the country was never in a better condition, and that there are finer horses, bigger and fatter mules, and more Berkshire hogs in the country than was ever known before. In the country you see new residences built upon the most modern style with modern conveniences. We know of houses erected in the country that are superior to many and equal to the best in town. Farmers are making money gradually, slowly but surely, and we are sure that this reaction, all things considered, has grown in wealth and is to-day better off than ever. The little towns may suffer, but the country is getting wealthier daily.

The Continental money of the revolution was a legal tender; but that did not prevent it from depreciating as soon as it was issued in greater volume than could be redeemed. In 1778 one dollar in coin was equal to $1.75 in paper, but by the year 1781 one dollar in coin was worth $500 in paper. The stuff became so cheap that people were ashamed to take advantage of its legal-tender quality and pay their debts with it.

Growth of Wheat.

Below is given a letter from one of the best farmers in this county or the State:

WAKE FOREST COLLEGE, Sept. 20.

Messrs. Kelley, Purefoy & Brewer, GENTLEMEN:—In reply to your inquiry as to the effects of "Long's Prepared Chemicals" for wheat, I would state that I sowed a ten acre cotton lot in wheat last December, using the "chemicals" in conjunction with cotton seed as a fertilizer. The yield was 150½ bushels of wheat of excellent quality. The season here, as elsewhere in the State, was a very unfavorable one for wheat. Had the season been favorable I have no doubt but the yield would have been much greater. The wheat was sown the week before Christmas, rather late for the best results. I think much of the yield is to be attributed to the "Chemicals." I regard them an excellent fertilizer.

Yours truly,
P. H. MANGUM.

The firm above named keep full supplies of this valuable fertilizer, which they can furnish promptly at any point on the R. & G. Railway. *

Use Simpson's Dental Fluid, the most delightful dentifrice in the world.

To Carpenters and Builders.

If you are needing anything in the way of edge tools or builders hardware, of any kind, we would advise you to call at J. C. Brewster's hardware house, where you can find a splendid stock of goods in this line, and at prices to suit the scarcity of money. All tools sold are fully warranted. He will contract for roofing at prices which will enable you to put in your bids (where there is any tin work to be done) lower than ever, giving you an opportunity to use tin in place of shingles.

He uses nothing except the best material. J. C. BREWSTER,
* Holleman Building.

Levy's champion shirts are made of the best material.

Call at Stronach & Allcott's Warehouse, corner of Wilmington and Person streets, this morning and buy a nice Buggy or Phaeton cheap. They have a large lot on hand which they purpose to sell at prices to suit the times. If you want anything on wheels now is the time to buy. *

Levy's Champion Shirts cannot be celled.

Ferris' Pig Hams.

A nice lot of Ferris' Hams, light weights, just received. These are the best hams sold in this State. All lovers of good hams will do well to call and see us. Adams & Bingham. *

Sure of Success.

One of the most varied and best selected stocks of dry goods, groceries, boots, shoes, &c., is to be found at the new store of W. E. Dupree, in the Adams building, Martin street. A young man of enterprise and energy, he is determined to give customers good bargains. *

Result of a Generous Contribution.

Some three weeks ago Messrs. Landrum & Litchfield donated several hundred dollars worth of their celebrated Seven Springs Alum Mass for the benefit of the Yellow Fever sufferers, and have just received the following letter from the President of the Howard Association at Holly Springs, Mississippi:

HOLLY SPRINGS, MISS.,
Sept. 16, 1878.

Messrs. Landrum & Litchfield, Abingdon, Va.:

GENTLEMEN:—Please accept our thanks for your case of Seven Springs "Iron and Alum Mass," received some days ago. Quite a number of our citizens are using it with good results.

Respectfully,
W. J. L. HOLLAND,
President Howard Association.

At last it seems that a remedy is discovered to check this fearful disease. Messrs. Landrum & Litchfield are shipping large quantities of this valuable medicine to the South.

For sale by Wm. Simpson, Pescud, Lee & Co., and F. H. Heartt, Raleigh, N. C. sep17-d1y.

How the Louisianians Get Rich.

NEW ORLEANS, August 19, 1878.

The undersigned certifies that he held for collection for account of Messrs. J. M. Lefort & Co., Lafourche Crossing, La., one-half of Single Number Ticket No. 3,440 and Approximations, Class "H," in the Louisiana State Lottery, which drew the Second Capital Prize of Ten Thousand Dollars, on Tuesday, August 13th, 1878; said ticket having cost the sum of One Dollar, and that the amount was promptly paid on presentation of the ticket at the office of the Company.

F. P. SEVIN,
115 Decatur Street, New Orleans, La.
*

Sale and Board Stable.

Having this day sold our Livery and Omnibus line to O'Kelley & Baker, we will give our personal attention to the sale of horses and mules, and will keep a first class boarding stable. Our stables will be open day and night, and especial attention given to transcient and monthly bosrders!

Thankful for the patronage so liberally bestowed heretofore, we trust by strict attention, to merit a continuance of the same in our sale and boarding stables.

GEO. W. WYNNE & Co.

Mr. W. H. Dodd will sell at auction this morning, in front of the court house door, a nice lot of open and top Buggies, Wagons, &c. We would advise all those in need of such to attend this sale, which will take place at 10 o'clock. They guarantee all work, but we are satisfied from our knowledge of workmanship that it will stand for itself. Stronach & Allcott have a large lot of them on sale at their warehouse. Don't fail to get bargains this morning. *

500 lbs. small and well kept N. C. Hams and Sides. Call soon if in want of any, they are selling fast. We sell all kinds of country produce on commission at highest market prices, and make prompt returns. Cotton a specialty. Give us a trial.

D. T. JOHNSON,
* Wilmington St.

"By Shiminy, Dot Ish So."

The Dutchman's exclamation of assent is made by all with proper taste as to clothing, after being told, as they look through his elegant establishment, that Weikel keeps the choicest stock in the State. If all the other tailors were dead, Weikel would still live, a magnificent example of the "Survival of the Fittist." *

Away, Dull Care.

The most misanthropic can replace unpleasant thoughts with light and easy ones by indulging in a quiet whiff of one of those deliciously pure cigars of Mendel's. Store opposite Post Office. *

An Inside View

Will convince all that Messrs. Latta and Myatt have decidedly one of the largest stocks of groceries brought to this city. They have excellent gilt edge butter, cream cheese, crackers and cakes of every description, Patapsco, Orange Grove, Oak city, and a number one article of North Carolina flour, always on hand. Go to see them when you want a standard flour.

CONSIGNED.

150 pounds nice honey and 100 large spring chickens at Latta and Myatt's. Call to see them this morning if you you want something cheap. *

Levy's champion shirts will please hewearer.

An Astonishing Fact.

A large proportion of the American people are to-day dying from the effects of Dyspepsia or disordered liver. The result of these diseases upon the masses of intelligent and valuable people is most alarming, making life actually a burden instead of a pleasant existence of enjoyment and usefulness as it ought to be. There is no good reason for this, if you will only throw aside prejudice and skepticism, take the advice of druggists and your friends, and try one bottle of Green's August Flower. Your speedy relief is certain. Millions of bottles of this medicine have been given away to try its virtues, with satisfactory results in every case. You can buy a sample bottle for 10 cents to try. Three doses will relieve the worst case. Positively sold by all druggists on the Western Continent. aug. 6—3ow-d&w.

Don't You Forget it.

Friends and farmers and all of you who are concerned. Messrs. A. C. Sanders & Co. are prepared to sell your cotton and all other country produce on arrival, at the highest prices, or they will make cash advances if you prefer storing. They have ample storage room, and their charges are low. They have genuine Poland-China Pigs for sale. *

Simpson's White Rose Tooth Powder beautifies the teeth and perfumes the breath. Try it.

Levy's Champion yoke shirt factory, Raleigh, N. C.

For Rent.

Middletown, October 30.
Swan Quarter, October 31.

New Converts.

The "Friend of Temperance," of this city, a non-partisan paper, tells some pungent and apposite truths in the following article, under the foregoing caption, which we find in the last issue of that paper:

"Recently, that is within the past few months, two gentlemen, hitherto Democrats, have gone over to the Republican party—to wit: Hon. Josiah Turner and Maj. Moses A. Bledsoe-Mr. Turner has fought the Republican party harder than perhaps any other man, and said more hard things of that party than any other man could have said. Mr. Bledsoe has been quite as ultra in his advocacy of Democratic measures as Mr. Turner, but has not made himself quite so obnoxious as Mr. Turner. Both of these gentlemen, though only a month or two old in their new party, are burning up with zeal to serve the country in Congress for the next two years; and they seem to think that they are, of all others, the best fitted to be the leaders of the Republican party.

A few weeks ago Mr. Turner was endorsed by the Republican Executive Committee of the District as the Republican nominee—or rather, he was nominated by the Committee.

Maj. Bledsoe and his friends kicked up at Mr. Turner's preferment and they went to work to get up a Convention to set aside Mr. Turner and put Mr. Bledsoe or some one else on the track.

That Convention met yesterday. Mr. Turner was not present; but, if he had been, he would not have felt very much complimented by the remarks of Mr. Boyd, of Alamance. The excoriation he gave Mr. Turner was simply terrible, and nobody seemed to enjoy it half so much as Mr. Bledsoe.

After much wrangling and many hard hits among the friends of the various aspirants, the Convention finally adjourned, without doing anything.

After the adjournment, a few remained in and nominated Judge Reade.

As matters now stand, Mr. Turner is the nominee of the Executive Committee; Mr. Bledsoe is the people's candidate on his own hook. Mr. Brown, of Hillsboro, is the "straighout" Republican candidate, while Judge Reade is the nominee of Sheriff Lee's Convention, which met yesterday. All of these are running against Capt. Joe Davis, the Democratic nominee; but the probability is they will devour each other and Capt. Davis will go back to Congress."

Colorado.

The Republicans have carried this State by a slightly augmented majority. At the first election held in this State, after its admission in 1876, the Radicals claimed to have triumphed by a majority of about nine hundred.

Perhaps the last House of Representatives acted unwisely in turning out the sitting members from this State, though they had abundant Radical precedents for so doing, as Judge Harris, of Virginia, so ably demonstrated on the floor of that body, in Butler's teeth. The trouble is, our people are not so well disciplined as the Radicals, and things that the latter do with perfect impunity, excite a great clatter of criticism and perversion when they are adopted by the Democrats in the most innocent and lawful manner in the world. Thus, the exclusion of the Radical member from Colorado was used against the party by so staunch a paper as the Philadelphia Times, and made much of; whereas, the Radicals used to do such things seven days in the week, and everybody then thought it was a way to treat copperheads and rebels, and on the whole very funny. However, the Colorado victory is perhaps after all no reaction of indignant virtue against a small stretch of party power in Congress, but a plain case of buying votes by the wealthy men who own and operate the mines in that so-called State. They are pretty much all Radicals, and they can get as many votes as they want, of course, at so much per head. That is about the long and short of it, and the gold-grabbers have no occasion to make merry over the event, unless they are prepared to repeat the same operation of bribery in all the elections in all the States.

Campaign Prospects.

The Fayettevi le Gazette says: "The campaign for Congress is now well under way throughout the State, and the prospects for Democratic success are flattering in every District, except in that one where the Radical majority has been overwhelming. We believe we shall return to the House of Representatives an undiminished delegation of true, patriotic, able men, who will reflect honor upon our State.

In our own district Col. Waddell is making a vigorous campaign, and is met everywhere with a full assemblage of the people, who thoroughly endorse his views, and who will return him to Washington by an increased majority."

THE Washington Post says, with excellent point and emphasis: "That there is no Republican organization in the South to-day is due to the extreme measures resorted to by that party to oppress, rob, plunder and tyrannize over the brains, character and capital of that section. The Republican party in the South died of its own villainies, was smothered in its own corruption. It is not within the range of human probabilities that one party will continue long in any State or section to dominate unopposed. When the instinct of self-defense, that has thus far bound the Southern whites in one solidified organization, will permit a relaxation of the ties that hold them together, they will naturally divide, like other men, on the issues that from time to time arise. *But they will cling together* so long as such unity is the only guarantee of their rights; or, in other words, so long as they are compelled to. The notion that the Union is menaced by unity of political feeling and action is mere nonsense. Our fathers did not construct so feeble a work that it must fall to pieces or resolve itself into chaos whenever a party failed to carry any State or section. Each of the States is the peer of any other State in the Union. Restoration of the Southern States was not an apprenticeship or probation, but an admission to original equality. And it is simply idiotic to set up a scream of pretended alarm whenever an ex-Confederate is elected to Congress. If the Republic cannot endure on these terms,—on conditions of absolute equality between the several States and the citizens thereof—it cannot endure at all, and ought not to be esteemed as worth preserving."

THE New York Herald has a special commissioner engaged in exploring the interior of the State of Pennsylvania, and the sum of his discoveries to date is that Andrew H. Dill will be the next Governor of that common wealth and that James Donald Cameron will not be the next Senator. He also concludes that three districts now represented in Congress by Republicans will be otherwise provided for in the Forty-sixth Congress. And finally he makes the startling statement that James Donald Cameron is not as popular with "the boys" as his aged father used to be. We always knew that the venerable Simon was excessively popular with the girls, but we had supposed that Don could hold him level when it came to the sterner sex.

"To *bee* or not *bee?*" That is the question in New Zealand They are trying to acclimatize what the small boy calls the bumble-bee, in that country, but their success has not been very great. Common bees are not strong enough to force their way into the petals of the clover flower, and thus fertilize the plants as they fly from one to another. For this purpose, therefore, the humble-bee is needed, but so far the nests sent out have been destroyed. Attempts to acclimatize the common bee in some hot climates have so far proved useless. After a short period they quit the hives and cannot be enticed back.

WE OBSERVE, with much regret, among the list of deaths from the yellow fever, the name of the Rev. Duncan Cameron Green, Rector of the Episcopal Church at Greenville, Mississippi. The *Churchman* says of him: "Mr. Green was the beloved son of the venerable Bishop of Mississippi. His ministry had been comparatively a short one. But it had been filled to the full with energy and faithfulness and earnestness. Of the last few days—terrible days—of his work at Greenville little was known to his Church at large, for the fever was so deadly that all communication with the outside world was instantly cut off. But none the less shall he be honored."

THE PHILADELPHIA North American delivers a discourse on the necessity for "the party which vitalized human rights" to continue to agitate the "Southern question." Just so long as the aforesaid party continues to agitate a question which has been lifted out of American politics by an uprising of the people, just so sure is it hastening to its doom. Just so far as the Republican party shows ability and volition to deal with vital and not dead issues, it will be able to exercise an influence over the people. It has shown that it cannot do this, and it will meet the fate it so richly deserves.

"ONE year of Hayes," says a Radical exchange of the "Reform" type, "is worth a term of Grant." Yes, perhaps it is to the agricultural fair and free-lunch interests of the country. But see how it affects the whiskey business. We venture to say that one year of Grant was worth more to the great industry of *spiritus frumenti* than a cycle of Hayes would be. And besides, while Grant was not a professional free-luncher, still his amateur efforts were as able in their way as the expert performances of Mr. Hayes in theirs. On the whole, we think that there isn't enough difference to speak of between a year of Grant and a year of Hayes. The only real difference between them is that Grant had a hard stupid head, while Hayes has a soft stupid head; and Grant was elected by force while Hayes was counted in by fraud.

MOST of our readers will remember "Pat Donan," foomerly connected with the Raleigh Sentinel. That he has not forgotten his unique style of utterance is evidenced by the following latest emanation from his pen: "The typical scriptural idiot who looks for figs on thistle bushes, and wooden nutmegs on jimson weed vines, is a prodigy of wisdom compared with him who hopes for national redemption and regeneration from a party whose leaders and exemplars are Beast Butler, Brick Pomeroy, and Dennis Kearney."

THE CHINESE Em bassador, in his address to President Hayes, expressed the hope that his mission "may be the starting point of a new diplo matic era, which will eventually unite the East and the West under one enlightened and progressive civilization." As the Heathen Chinee regards his civilization as the foremost in the world, this may be interpreted as an intimation that he will take this country under his wing, and impart to it the blessings of Celestial wisdom.

THE Elizabeth City Economist, alluding to the canvass in this and the First Districts, observes: "In the Fourth District, the regular Democratic candidate is the present representative, Jo. Davis. Mr. Davis is an admirable representative, in all respects, and it will be an evil day for the people when the district loses his service. At present, fate's index finger points to Mr. Davis as his successor, as it also does to Yeates, as *his*."

THE Washington Republican talks of "redeeming" Alabama to Republicanism. It would be interesting to know at what period the State of Alabama was Republican in politics. As soon as bayonets were removed from the people's throats and the disfranchised could get to the polls, they resumed their interrupted Democratic voting.

THE Goldsboro Messenger says: "Capt. Kitchen will make a most vigorous and active campaign. He proposes to make two or more speeches in every county of the district."

BEAUTY:

OR THE

Secret of a Fair Face

AN ITEM OF INTREST TO EVERY LADY WHO DESIRES TO BE MORE BEAUTIFUL THAN SHE NOW IS.

Unfortunately no one woman in a hundred, subjected to the whims of an American climate possesses that basis and starting point of real beauty—a pure and clear complexion.

What nature has thus denied, art must be called upon to furnish.

It can be done; it is done daily. Prof. W. E. Hagan placed beauty within the reach of every unblessed daughter of Eve when he discovered that surprising article known in fashionable circles as the true secret of beauty, and called

MAGNOIA BALM

The MAGNOLIA BALM is a sure device for creating a pure and blooming complexion.

It conceals all natural blemishes in the most surprising and effective manner.

It removes all roughness eruptions, redness blotches, freckles, and tan with magical power.

It drives away all evidences of fatigue and excitement.

It makes the plainest face beautiful.

It gives the complexion a dazzling purity and makes the neck, face, and arms appear graceful, rotund, and plump.

It makes a matron of 35 or 40 look not more than 20 years old, and changes the rustic maiden into a cultivated city belle.

The Magnolia Balm removes all blemishes and conceals every drawback to beauty; and while it is as harmless as water, it is so lifelike in its effects that the closest observer cannot detect its use.

Ladies who want to make themselves attractive can make an absolute certainty of it by using HAGAN'S MAGNOLIA BALM, and we know of no other way. It is the cheapest preparation in the world, all things considered, and may be had at any drug store.

HOME REMEDY.

THE MOST WONDERFUL DISCOVERY OF THE AGE!

A CERTAIN AND SPEEDY CURE FOR SCROFULA.

FACTS ARE STUBBORN THINGS!

My receipt for the cure of Scrofula has been tried by me with the most unprecedented success for the last twelve years, and I have no hesitation in recommending it as a sovereign cure for that disease and as a general Tonic and Blood Purifier. It is everywhere giving perfect satisfaction. While my experience with it is too limited for me to specially recommend it for other diseases, I believe it will ultimately prove to be of benefit in all cases arising from impurity of the blood, and probably for other diseases.

FAYETTEVILLE, N, C., Aug. 12, 1878.

MRS. JOE PERSON,

Dear Madam, I have been using your Remedy for Scrofula over five months as an experiment for cancer. The cancer is of long standing, the Doctors have been treating it, more or less, for twelve years, it has taken off my upper lip and a good part of my nose. When I began to use your Remedy it was growing rapidly worse, but the medicine appeared to check it very soon, and it has not made much progress since, except about two months ago, the medicine gave out, and I was without several days. It then seemed to start anew, and grew worse very fast, until I had taken the medicine about a week, since then it has not changed much. I think if I could have had the medicine soon enough, it would have cured me.

For more than a year before using your medicine, I was troubled very much with a disease of the heart, an irregularity in its action. It would miss every third beat for hours, then at other times it would increase in its action, and run up to 200 beats per minute. Since using your medicine I am almost entirely relieved of this. rarely feel it, and then not enough to speak of it. I would recommend any one suffering with heart disease to try your medicine. As a Tonic and Alterative, I do not think it has any superior. I have been using all the most powerful Alteratives known to the medical profession for the last 12 years. and I know of none superior to this. I think your medicine is destined to be a great blessing to the afflicted. Let every one that needs a Tonic or an Alterative give it a trial, and I do not think they will be disappointed.

Very truly and Respectfully,
JOHN BUIE, Box 141,
Fayetteville, N. C.

For my personal reliability, I refer, by permission to Rt. Rev. Thos. Atkinson, D. D., North Carolina; Geo. A. Foote, M. D., Warren, Co.; Hons. J. J. Davis and C. M. Cooke, Franklin Co.

The above medicine is for sale by Pescud, Lee & Co., Wm. Simpson, and F. H. Heartt, Druggists Raleigh, N. C. or it may be ordered direct from me. For further information, enclose stamp for Circulars to

HEGE'S IMPROVED CIRCULAR SAW MILL

Manufactured by the Salem Agricultural Works, Salem, N C.

CIRCULAR SAW MILL. LEVER FEED CUTT

Hege's Improved Circular Saw Mill, is no new a dnuntried saw mill, but is one that is well and favorably known in many sections, and wherever it is introduced it is fast superceeding all others. It is simple in construction, yet reliable in operation, and is sold for less than any other first class saw mill. Send for descriptive circular

Lever Feed Cutter,

something entirely new and novel in the feed cutter line. With this cutter the feed in cut off diagonally, instead of square across, as is the case with all other cutters, at the same time our cutter has a draw cut, acting exactly on the same principle that a knife is used in cutting off a stick, consequently with our Diagonal Feed Cutter we can cut more feed with less labor in a given time than any other cutter costing twice as much.

Price reduced to $8,00. Send for circular. Liberal discount to agents. No goods consigned. Manufactured by the Salem Agricultural Works, Salem, N. C.

THE SALEM PLOW

Will not Choke, Runs light, Easily Regulated.

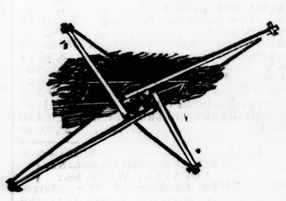
Try one. Liberal discount to dealers. Manufactured by Salem Agricultural Works, Salem, N. C.

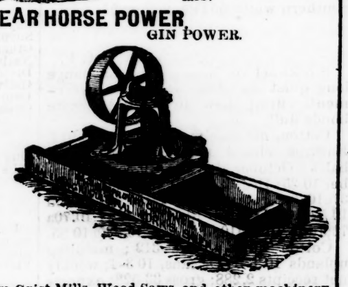
Hege's Improved Gin Powers.

For 4, 6 or 8 Horses, Simple, Cheap, Durable, made almost entirely of iron. Not liable to get out of order. Just what the farmer needs. Send for descriptive Circulars.

THE TRIPPLE-GEAR HORSE POWER

TRIPLE-GEAR POWER. GIN POWER.





For driving Threshers and Cleaners, Farm Grist Mills, Wood Saws and other machinery used by farmers, having no steam or water power. This power has an iron frame all in one piece, consequently cannot become loose or rickety. Powers for 4, 6 or 8 Horses. Send for prices and full particulars to

Lumber! Lumber!!

IN ANY QUANTITY FROM

ELLINGTON'S SAW MILLS,

Having every Facility for the Manufacture of any Grade of ROUGH PINE LUMBER,

am prepared to fill all orders promptly and satisfactorily—both as to quality and price. With 13 years experience in the business, I have acquired a thorough knowledge of the management of lumber and can always furnish a grade fully up to the standard I represent.

My capacity for turning out work is as great as any saw mill in the State—and with fair notice I cam supply orders to the extent of about 10,000 feet a day. Prices as low for cash as can be had elsewhere. Estimates furnished on application.

Soliciting the further favor of my old patrons and hoping to make many new ones.

Very Respectfully,

J. McC. ELLINGTON.

J. W. WATSON—Local notice.

LOCAL BRIEFS.

——A drummer's license was issued yesterday to Henry West, New York.

——Attention is directed to the advertisement of T. R. Fentress, which appears elsewhere.

——The Templeton troupe will play at Wilmington on Monday. They may be looked for here.

——There is to be a baptizing of some colored converts at Taylor's pond, near the city, to-morrow.

——An unstamped letter, to Mrs. Fettie B. Knight, Little Rock, Ark., is held at the post office.

——The Board of Aldermen met last evening. A report of proceedings is crowded out of this issue.

——Pastors of city churches are asked to send in notices of any changes in their services, in time for correction to-morrow.

——A plan is on foot to purchase one of the large, double-tank chemical engines, for use by the Victor fire company, colored.

——There were no cases in the Mayor's Court yesterday. A negro who had been drunk, was remanded to the guard house for 24 hours.

——The accommodations for the receipt of large packages at the post office are insufficient, the orifice in which they are to be put not being large enough to permit them to be dropped in.

—— Messrs. Harrington & Thompson, Cameron, N. C., are live men, and know all about their business, and are heartily recommended to all who are in need of rough lumber of any kind.

——Two music books, the property of the Raleigh Silver Cornet Band, were lost a night or so since between Gen. Cox's, on the railway, and the Market House. The finder will please return to this office.

——The Victor fire company had a street parade yesterday afternoon. In the evening the colored minstrels gave a very pleasant performance for the benefit of this excellent company, at Metropolitan Hall.

Personal.

Eugene Morehead, Esq., of Greensboro, has removed with his family to Durham. Mr. Morehead has been appointed United States Deputy Internal Revenue Collector, by Colonel I. J. Young, of the Fourth Collection District, which led to his removal from Greensboro.

Col. J. T. Adams, a prominent dealer in lumber and wood at Osgood, N. C., is in the city on business.

The Goldsboro Mail.

This journal, well known and in high repute as the Rocky Mount Mail, makes its first appearance from Goldsboro, its new office of publication, bearing its newly chosen title. The editor says: "In taking our paper from Rocky Mount to Goldsboro for publication, we have been influenced by a desire to increase its sphere of usefulness and selected Goldsboro for its central position, it being a great railroad center of eastern Carolina, and in fact in direct railroad communication with the West as well."

Messrs. R. F. Jones & Co.

The attractive advertisement of this enterprising and successful firm appears this morning. They transact an extensive business as wholesale liquor dealers, selling to all portions of the State, and their grocery and commission business has grown to be one of the largest in this section. Associated with this firm are three valuable men, Mr. R. W. Belo, the chief clerk, Mr. John W. Thompson, late of Forestville, and Mr. W. E. Weaver two of the most successful salesmen in the country. Read the advertisement, it will be to your interest.

Causes of Complaint.

There are three things which need amendment here. One is the absurd custom of leaving an immense pile of unsightly goods boxes to encumber the sidewalks or obstruct the streets. Another is that which prevails among drivers of wagons, of stopping in the middle of the street, in the way of all vehicles, for no purpose whatever. The third is fast driving by draymen. By the time a few children are run over, people will ask for slower time. It is hoped that this reminder may have its effect, but if it does not, notice will be taken again of these matters.

Salem Agricultural Works.

A fine exhibit will be made at the State Fair by these fine works, whose manufacture of agricultural implements has won much reputation throughout the State. Among the machinery shown will be one of their brick machines, and a saw mill, both in operation. The brick machine is the Allen patent. It is a *mud* machine, which makes brick from the tempered clay and not dry clay. The clay, sufficiently moistened, is thrown into the mud mill, and when ground and tempered passes into the moulds.

The brick are subject to a double pressure by means of a plunger in the rear and cam pressure in front, which makes them solid and perfect brick. From the revolving cylinder in which the moulds are the brick are delivered upon a horizontal wheel beneath, from which they are taken by hand and carried to the hack.

The saw mill is Hege's patent, and is in great favor among machinists everywhere. It possesses many improvements, which do credit to its talented inventor, Mr. C. A. Hege, proprietor of the works.

Signal Station at Charlotte.

A Sergeant of the U. S. Signal Service has arrived at Charlotte, and assumed charge of the Signal office there. He has selected a room in the top story of the Traders' National Bank Building, and expects to be able to make his first report Sunday morning. As previously stated the reports from all signal stations are now being received through the Western Union telegraph office and can be used as soon as desired.

This is the signal station which Charlotte has been so long expecting, and it is now a fixed fact. She is the first inland point in the State to have a station; the only others already established are at Wilmington, Smithville, Hatteras and Kitty Hawk.

Abstracts of Taxes.

The State Auditor yesterday received an abstract of listed taxables from Wilkes county, made by W. F. Porter, Register of Deeds, as follows:

General Taxes,	1,325.41
Special "	1,355.53
School "	2,879.17
County "	7,020.09

Wm. F. Autrey, Register of Deeds, of Cumberland county, reports as follows:

General Taxes,	$ 3,168 69
Special "	3,232.88
School "	4,295.30
County "	24,685.07

Prospect of a Magnificent Exhibition.

The prospects were never better for any Fair held here than for the one now so near. From everywhere articles for exhibition will come. The exhibit will be varied and interesting. The racing, which, despite all that may be said against it, constitutes a most delightful part of the Fairs, promises to be more than usually exciting. The display of agricultural products will, by its arrangement, quality and extent, surpass all previous exhibitions of the kind in the State. The attendance, it is believed confidently, will be larger than usual, while among the crowds present, both extremes, the East and the West will be more fully represented than ever before. Every attraction will be here, and the week promises to be filled with pleasant things, for in the evenings the city will present its quota of attractions. Both theatres will be open, and companies whose performance it is a genuine pleasure to witness will appear. The city is beginning now to put on her holiday garb, in readiness for the occasion, and will be prepared both to welcome and accommodate the throngs of visiting pleasure seekers. The presence of that distinguished gentlemen, Hon. Allen G. Thurman, of Ohio, will be a source of genuine pleasure to his many admirers in the State, and he will be given a cordial greeting.

The State Guard at the Fair.

All interest now centres in the grand encampment of the State Guard at the Fair, which, beginning on Monday, October 14th, continues five days, and not two days, as erroneously reported. The site selected is peculiarly suitable, possessing every advantage of accessibility, situation, and abundance of water. The number of troops to be present will be about 1,200 or 1,500. There will be represented 26 companies of infantry, two of artillery, and perhaps one of cavalry. The camp is so accessible, being just on the city's outskirts, that it will prove a most delightful place to visit, and the long lines of white tents, the bustling soldiers in uniform, will carry many an old campaigner back to the days of the blue and the gray, while it will be an agreeable novelty to hundreds of younger spirits.

The kindness of the railway and steamship officials is a general subject of conversation, and elicits from all interested in the State Guard, expressions of appreciation. Among the railway officials who generously gives the troops passage over his road is that clever gentleman and able manager, Maj. Jas. W. Wilson, of Morganton, Superintendent of the W. N. C. Railroad.

Every arrangement will be made for the comfort of the troops, who will find their quarters ready, and all things prepared against their arrival.

Meeting of the N. C. State Agricultural Society Executive Committee.

The Executive Committee of North Carolina Agricultural Society, held an important meeting at the Yarbrough House last night. Present, Messrs. T. M. Holt, President, R. F. Hoke, A. Creech, Dr. G. W. Blacknall, N. S. Harp, W. J. Hicks, John Nichols, I. J. Young, W. G. Upchurch, John C. Blake, Dr. J. McCallum, W. H Bagley, Walter Clark, P. A. Wiley, Treasurer and C. B. Denson, Secretary.

The committee on appointments made a report in full, which was adopted.

General Johnstone Jones appeared by invitation, and reported the success of the efforts to organize the Encampment of the State Guard, during the week beginning October 14th.

The Secretary was authorized to post the leading lines of railroads, with further particulars of the departure of trains and rates of fare.

On motion, Dr. Blacknall was requested to secure the Italian Band for Floral Hall, during the Fair.

The Secretary reported the progress of the supplementary list, which was ordered to be printed for use of exhibitions, supervisors and others at the Fair.

State Fair Items.

The splendid Piano given by A. Brymer & Co., 40 Fourth street, Brooklyn, New York, is on its way to Raleigh, and will be exhibited on arrival at the Book store of Messrs. Alfred Williams & Co. It will be remembered that it is to be given for the best exhibit of drawings, paintings and ornamental work from any Female School in the State.

The second premium, a fine Piano, from Beatty, of Washington, New Jersey, and pronounced by Prof. Baker a very excellent instrument, is to be given as the second premium, and is on exhibition at the Book store of P. C. Enniss, Dr. Dœpp of this city, has generously given his services to tune the instrument.

The superb premium of the Glass Ball Trap Shooting. The elegant Greener gun which is the first prize in the contest of the marksmen in the State, in the great Glass Ball Trap Shooting, has arrived, and may be seen at the hardware store of our esteemed friends Messrs. Julius Lewis & Co. This gun is a splendid specimen of workmanship, and the fortunate marksman may well be congratulated. It is to be hoped that Raleigh will not permit the laurels to be borne away, but from all we hear, our best shots must come to the front, to prevent it. W. S. Primrose, Esq., will give all necessary information concerning this feature of the Fair.

——Gov. Vance telegraphs his Private Secretary that his mother, Mrs. Vance, is sinking rapidly. He will not be here for some days yet.

If you want clothing at wholesale or retail, buy it at Woollcott's Open Front Store, Wilmington street. He has the cheapest stock in the city. oct 1-3m*

Another Lincoln Anecdote.

Owing to the very inferior quality of the metal used as a base for plating, several years ago, many people preferred paying the invariably high, and frequently exhorbitant prices then demanded for sterling silver spoons, forks, etc. But of late years many improvements have been made, not only as a material for the base, but in the amount of silver applied. TRIPLE PLATED Casters, Forks, Spoons, Ice Pitchers, Pickle Casters, Butter Dishes, and many other articles suitable for bridal presents, etc., can now be bought at Law's China and Silver House at lower prices for BEST GOODS than ever before. *

Just Received.

Messrs. Cook & Wainwright have just received one car load of those Tennessee wagons; they are first class wagons and will be sold at panic prices. They also have a lot of the Arlington Guano for wheat.

It Might Have Been.

When taking a retrospection of our past lives, how often does conscience whisper to broken spirits and wounded hearts the sad, sad words, "It might have been?" Thus it may be with the sufferer who endures the agonies of hemorrhoids, or piles, and heeds not the counsel to try Barham's Infallible Pile Cure, which is warranted to speedily and permanently cure this distressing disease. Manufactured by the Barham Pile Cure Co., Durham, N. C. 1w

Levy's champion shirts are made of the best material.

Particular Attention

Is paid to the selection of the stock at the grocery and commission store of L. R. Wyatt, Wilmington street, near the market. In this establishment is kept a full stock of all necessary household supplies, at bottom prices. Selling cotton on consignment a speciality. *

The following brands of cigars: "El Designio," "High Life," "La Reina del Norte," "La Rosa de Tropico," "Epicurean," "My Mother-in-Law," "That Husband of Mine," and "They All Do It," for 5cts. at Simpson's Drug store.

Stop While in Raleigh at the Water House.

This house is situated in the most pleasant part of the city, on Hillsboro Street, within one block of the Capitol. Rates, $1 50 per day. Special terms to those remaining longer than one week. *

D. S. Sanders,

Beaufort, N. C., dealer in salt and fresh fish of every description, by package or barrel. All orders accompanied with cash or good reference, will receive prompt attention, and be filled at the lowest market prices. sep 4-tf.

Both Choice.

The finest North Carolina hams ever brought to this market, are on sale at M. T. Norris & Co.'s. Also both the celebrated brands of flour, Patapsco and Orange Grove, guaranteed of highest quality. M. T. Norris & Co. Martin street and Market Place. *

Tombstones at Cost.

Parties wishing tombstones of any description will find it their interest to to call and examine Mr. John Cayton's large and varied selection. He will sell at cost for the next thirty days. Now is the time to secure bargains. Marble yard just below Harps carriage factory *

At J. C. S. Lumsden's

Just received a nice lot of breech loading shot guns, these are all warranted and will be sold very cheap. Ammunition of all kinds. He is also receiving his fall stock of tinware, woodware, hardware, crockery and house furnishing goods of every description. He manufactures his own tinware with the latest improved tools and offers great inducemnts to wholesale buyers. Tin roofing a specialty. Remember the place. J. C. S. Lumsden, Raleigh, N. C. *

Fresh cranberries at Watson's store opposite the market. Uncanvassed hams, dried beef, breakfast strips, lemon crackers, oyster crackers, fine goshen butter, fine tobacco for chewing and smoking, the best five cent cigars in the city, also fine liquors. Call and examine stock at Watson's new store, Fayetteville street. *

A Word of Warning to Counterfeiters.

The wide-spread fame of Hostetter's Stomach Bitters causes a necessity on our part to remind, from time to time, whom it may concern, of the fact that imitating said article is a punishable offence, and we now give this word of caution, that we will most assuredly have all those persons engaged in refilling our second-hand bottles selling by the gallon or barrel, or in any manner whatsoever palming off on the public a spurious article purporting to be our preparation, punished to the full extent of the law. Penalty for counterfeiting, or dealing in counterfeit trade mark goods, as set forth in a law recently passed by Congress: "Fine not exceeding $1,000, or imprisonment not more than two years, or both such fine and imprisonment." We never fail to convict.

NOTICE TO DEALERS AND PURCHASERS.—Hostetter's Bitters are never, under any circumstances, sold in bulk, BUT ALWAYS IN BOTTLES, with a finely engraved U. S. Internal Revenue (special proprietary) Stamp covering the cork of each bottle, fastened to both sides of the neck of same. All Bitters purporting to be Hostetter's, without this stamp, are counterfeit. HOSTETTER & SMITH.

FOR UPWARDS OF THIRTY YEARS MRS. WINSLOW'S Soothing Syrup has been used for children. It corrects acidity of the stomach, relieves wind colic, regulates the bowels, cures dysentery and diarrhœa, whether arising from teething or other causes. An old and well tried remedy. 25 cents a bottle. mar 1-d&wly

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness early decay, loss of manhood, &c., I will send a receipt that will cure you, free of charge. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. Joseph T. INMAN, Station, D, Bible House, New York City. oct 26 1& wly

From Dr. H. R. Hopson, Memphis, Tenn.: I certify that I have made use of Colden's Liebig's Liquid Beef and Tonic Invigorator in several cases of consumption and general debility, and have acted admirably in such cases as a nutritive tonic and stimulant." Williams & Haywood, Agents. sep 26-6t

Happy tidings for nervous sufferers, and those who have been dosed, drugged, and quacked. Pulvermacher's Electric Belts effectually cure premature debility, weakness, and decay. JONES' BAKING POWDER

FOR SALE BY ALL GROCERS.

We ask all cooks, housewives, and the general public to give our goods an impartial trial. This Powder is carefully prepared upon scientific principles—the result of long and careful experiments and tests in chemistry. In its proportions and compounding, it is the perfection of science, and is recommended by the leading Chemists in the United States, whose certificates we have. It is perfectly pure and wholesome, and saves time, labor and money of every consumer. It stands Unrivaled; we challenge the world to produce better pure and more wholesome goods.

REASONS WHY IT SHOULD BE USED:

A BARREL OF FLOUR MAKES ABOUT 40 POUNDS MORE BREAD.
IT NEVER FAILS AND ALWAYS PLEASES THE CONSUMER.
IT IS THE PERFECTION OF SCIENCE IN COOKERY.
IT IS A COMFORT FOR EVERY HOME.
YOUR BREAD WILL NEVER BE SOUR.
YOUR FOOD WILL BE THE BEST.
YOUR BREAD WILL BE WHITER AND RICHER.
YOUR HEALTH WILL BE PRESERVED BY ITS PURITY.

WARRANTED TO KEEP IN ANY CLIMATE

We do most earnestly caution consumers of Baking Powder against using adulterate and cheap goods, as no good and pure Baking Powder can be sold for less than ours.

An analysis of the cheap clap-trap spurious adulterated goods called Baking Powder, would startle the community of consumers beyond precedence, as most of it is not fit for use, and
